

What is the current climate of extreme polarization costing us as we hope to build strong communities where all people have the opportunity to thrive?

You are invited to
a workshop to practice

“The Seven Habits of Highly Depolarizing People”

Please join Stronger Together Fox Valley, ESTHER, & Fox Cities Evangelical Ministerial Fellowship as we build capacity in our community for respectful dialogue about important issues.

The workshop will introduce the Seven Habits and include time for practice with the habits with a choice of topics.
